

## Standard ECMA-145

### 8 mm Wide Magnetic Tape Cartridge for Information Interchange - Helical Scan Recording

(December 1990)

This ECMA Standard specifies the physical and magnetic characteristics of an 8 mm wide magnetic tape cartridge to enable interchangeability of such cartridges. It also provides a format and recording method, thus allowing, together with Standard [ECMA-13](#) for Magnetic Tape Labelling, full data interchange by means of such magnetic tape cartridges.
