

TC31 - Optical disks and disk cartridges

Scope:

To identify and develop the minimum number of standards necessary for data interchange by means of optical data disks and disk cartridges.

Programme of work:

1. To develop standards for optical disks and disk cartridges of 80 mm, 90 mm, 120 mm (both CD and DVD), 130 mm, 300 mm and 356 mm.

2. To assume responsibility for the maintenance of ECMA Standards prepared by TC31.
3. To monitor technological developments in the field of optical disk cartridges.
4. To maintain liaison with other standards organizations in order to present ECMA proposals to them and to make comments to their proposals.

Chairman:

Mr. J. Neumann (Hitachi)

Vice-Chairman:

Dr. I. Henderson (IBM)

Secretary:

Mr. J. van den Beld (S.G. ECMA)

Active Companies:

The following companies, members of ECMA, have nominated representatives to TC31:

Eastman Kodak, EMTEC, Fujitsu/ICL, HP, Hitachi, IBM, Intel, ISLinkup, Matsushita, Mitsubishi, Panasonic, Philips, Pioneer Electric, Plasmon, Ricoh, Siemens, Sony, Toray, Toshiba, Verbatim.
