How to obtain ECMA publications

ECMA Standards and ECMA Technical Reports can be ordered as follows:

Printed copies: order by e-mail to documents@ecma.ch, specifying clearly the number of the document you need, your complete mailing address and the number of copies desired.

Files: Acrobat® and PostScript® files are available on this set of CD-ROMs or can be directly downloaded from the ECMA web site, www.ecma.ch.

Only the printed version and, when available, the PDF file can be considered an official versions of an ECMA Standard or Technical Report.

NOTE: as an alternative to e-mail, you can use fax or ordinary mail. See here for details.
